

## New Works – Patterns of Perspective

Opening: may 19<sup>th</sup> at 5 pm – Tuingalerie

Alexander Zaklynsky

Zaklynsky's Exhibition of New Paintings titled Patterns of Perspective will bring the viewer into a space of resonance and vibration. Visual structures consisting of parallax colour patterns and machine aided grid structures in space create a new group of work which aims to bring the viewer into a new experiential visual space. Zaklynsky expands his activities through his artsience residency with the EuroMoonmars 2018 team at ESA ESTEC Research & TechnologyCentre
